Product Description

Honda CR-V

The 2021 Honda CR-V is a versatile and well-rounded compact SUV, known for its spacious interior, smooth ride, and strong fuel efficiency. Powered by a 1.5-liter turbocharged 4-cylinder engine, it delivers 190 horsepower, offering a balanced mix of power and economy. The CR-V features a comfortable cabin with ample legroom, making it a great choice for families and long trips. Standard safety features include Honda Sensing, a suite of driver-assistance technologies such as adaptive cruise control, lane-keeping assist, and collision mitigation braking. With available all-wheel drive, the CR-V is suitable for various driving conditions, providing confidence on both city streets and off-road adventures. Its cargo space is one of the largest in its class, offering flexibility for both daily use and road trips.
